

Meeting minutes made by Teagan Reddy (SU no. 26012243)

Date: 27/02/2026

Agenda:

- Clarify a few issues regarding my project such as end-of-life requirements, budget and components and the user interface
- Clarify the project proposal requirements specific to my topic such as the objectives and activities
- Ask any questions regarding the project proposal and my project topic

Summary:

- Reviewed the concerns about my project and project proposal
- The end-of-life requirement is that it should be recyclable
- There are available components for me to use from previous projects, however these will need to be declared in the budget
- The user interface can be a web-based design and coding can be completed in any chosen language
- The activities in the project proposal should be a further breakdown of the objectives
- Project proposal due on 13 March
